- 62" H x 60" W
- Custom Sizes Available

Screen Prints

Frame Finishes

- White
- Bone
- Silver

Frequently Asked Questions About SHUB® Screens

Will the screen rip or tear?

No. The screen is a very durable polyester material that cannot be ripped or torn, even if you fall against it.

Will the screen mildew and mold when it is rolled inside the canister?

No. The screen material is non-porous, so mildew and mold can't penetrate the surface. The integral wiper blade squeegees the wet screen as it rolls up. Water, soap, and dirt are wiped off automatically, keeping the screen mold and mildew free.

Can I custom fit my SHUB?

Yes! Simply cut the tracks down to your size and the screen will roll out to size.

How is the screen cleaned?

We recommend once every two months you use a non-abrasive cleanser and wipe the entire surface (front and back). Let the screen dry before retracting.

How long will the screen last?

We guarantee the screen will last for five years. Normal household usage is ten years or more.

Can the screen be replaced?

Yes. A replacement screen can be purchased. Installation is quick and easy, simply snap the new screen into the existing frame.

How easy is it to install the entire unit?

Installation is simple and can be completed in 30 minutes.

SHUB® Screens
retractable shower/bathtub screens

THE DISAPPEARING SHOWER DOOR

A smart solution to those bulky doors and sticky curtains.

NEWLINE

4 Reasons to upgrade your shower curtain to a SHUB® screen.

1. The SHUB® screen's innovative wiper system removes water and soap.
2. The flexible polyester screen is rolled across to create a perfect seal. No more annoying puddles.
3. No more slimy or cold shower curtain to get in the way.
4. The SHUB® screen is a clean and attractive solution for your shower/tub.
